

# Property Tax Statistical Report

Fiscal Year 2020

# **A Message from Wendy Semmler, the Property Tax Director**

Property tax is the main source of revenue for local governments and K-12 education. The state finances over 50% of the total cost of school funding in South Dakota. This partnership, where the state and the local property taxpayer share the costs of education, means that our funding of schools can continue to increase while mitigating increases in property taxes.

The Property Tax Statistical Report is intended to provide an overview of the property tax system in South Dakota. The following pages provides property tax valuations, taxes levied, and property tax rates by property type throughout the state, including information by counties, municipalities, townships, and schools.

A sincere thank you is extended to all South Dakota county officials for their efforts in reporting data which serves as the basis for much of this annual report.

**South Dakota Department of Revenue  
Property Tax Division

51	Individual County Valuations & Tax Information For 2019 Property Taxes Payable in 2020

## Property Taxes

Property taxes are the primary source of funding for school systems, counties, municipalities and other units of local government. The state does not collect or spend any property tax money. Each county administers its own property tax system; the department's authority is limited to assisting local governments in making property tax assessments that are fair and in compliance with the law.

### Who pays property taxes and where does the money go?

In calendar year 2019, South Dakota property owners paid over \$1.38 billion to fund local governments and provide K-12 education for the state's children. This includes the special assessments added to the property tax bills. The following information shows the portion of the total tax bill paid by each classification of property, and where the money collected is spent.

### Percentage Breakdown of Property Taxes Collected by Property Classification

Of the \$1,422,662,171 total property taxes levied in calendar year 2020 (excluding special assessments):

- 26.37% (\$375,178,898) was from Agricultural Property.
- 40.11% (\$570,688,126) came from Owner Occupied Property
- 32.70% (\$465,203,123) came from Other Property

### Total Property Taxes 2018-2020

	Payable 2018	Payable 2019	Payable 2020
Agricultural Property	\$361,302,073	371,142,707	375,178,898.
Owner-Occupied Property	495,160,337	530,808,951	563,195,449
Manufactured Homes (Real) - Not Owner Occupied	3,615,430	3,804,971	4,068,276
Manufactured Homes (Real) - Owner Occupied	7,129,761	7,228,437	7,492,677
Other Property	372,868,545	400,528,737	423,556,691
Utilities			
Railroad	2,471,550	2,225,300	2,490,990
Telegraph			
Electric Light, Power, etc.	30,668,719	33,771,765	34,731,825
Telephone Companies (Within)	375,519	342,350	288,142
Telephone Companies (Without)	37,231	36,478	67,199
Special Assessments	24,416,213	28,040,960	31,592,024
<b>TOTAL</b>	<b>\$1,298,045,379</b>	<b>\$1,377,930,656</b>	<b>\$1,422,662,171</b>

## Percentage Breakdown of Property Taxes Distributed by Government Entities 2018-2020

The chart below compares the total amount of tax levied by each unit of government. The percent column shows the percentage of the payable 2020 total that was levied by the unit of government.

	Payable 2018	Payable 2019	Payable 2020 Amount	Pay '20 %
<b>County</b>				
Including Library, Secondary Road, Fire Fighting Purposes, Telephone Outside - General Fund	352,693,815	366,944,994	385,580,612	27%
<b>Municipalities</b>	174,638,209	184,782,655	195,328,188	14%
<b>Schools</b>	724,180,251	775,920,231	806,961,448	56%
<b>Townships</b>	22,116,892	22,241,816	23,199,899	2%
<b>Special Assessments</b>	24,416,213	28,040,960	31,592,024	2%
<b>TOTAL</b>	<b>1,298,045,380</b>	<b>1,377,930,656</b>	<b>1,442,662,171</b>	

### Limits on Property Taxes

The South Dakota Legislature has enacted two independent systems that limit the growth of property taxes. The first is the state aid to education payments. These payments effectively replace property taxes for schools that would otherwise be paid by owners of agricultural and owner-occupied homes. The second system is the caps placed on the property taxes collected by all levels of local government (except schools). These caps limit the local governments' property tax collections to the amount they collected the previous year, plus small increases for inflation and new construction.

### State Aid to Education Payments

Agricultural and owner-occupied property owners benefit from the funding for education provided by the state. The state provides extra revenue for K-12 education that would otherwise have to be paid by these property owners. The benefit is provided to the taxpayer through a tax rate reduction for the school general fund levy. The school general fund levy rates for taxes payable in 2020 are set statewide as follows:

Ag	\$1.473/1,000 of value
Owner-Occupied	\$3.296/1,000 of value
Other	\$6.821/1,000 of value

### Property Tax Caps

State law limits the amount of property taxes that local governments (counties, cities, townships, fire districts, etc.) can collect from their property owners. Market increases in the value of the property within the taxing district automatically decrease the property tax rates upon that property to ensure that the caps are not exceeded. Local governments are limited to the amount of property taxes they collected last year, plus an increase for inflation based upon the consumer price index (but not more than 3%) and for new construction within the taxing jurisdiction.

### Example of a Property Tax Cap:

Assume that last year, the total property valuation within a city was \$100 million and the city collected \$300,000 from property taxes.

To collect the \$300,000, the city assessed property within the city a tax of \$3.00/\$1,000 of assessed value.

This year three things happened:

- The consumer price index (CPI) is 2%;
- A new subdivision was created within the city with a total valuation of \$1 million; and
- A hot real estate market increased the value of the existing property within the city to \$109 million.

The city can increase the \$300,000 it received from property taxes last year by 3% (2% for CPI and 1% for the new construction) for a total of \$309,000.

To prevent the city from going over the cap, the tax rate applied to the \$110 million of property within the district (market value of \$109 million plus the new \$1 million subdivision), the tax rate is automatically lowered for last year's rate of \$3.00/\$1,000 of value to \$2.81/\$1,000 of value.

### Combined Effect of Tax Caps and State Aid Payments

Historically, property taxes have increased at a rate of about 6% per year since 1947. Property tax caps and state aid to education have significantly slowed this increase. If the historical rate of property tax growth had continued through the 1990's, current property owners would be paying over \$2.1 billion in property taxes. The chart below shows the historical growth of property taxes and the actual growth of property taxes. These programs were implemented in 1997.

### Historical Growth of Property Taxes v. Actual Growth

## Effective Property Tax Rates

The following tables show the effective tax rate for owner-occupied, agricultural, and other property in 25 South Dakota jurisdictions. The "Other" category includes residential property not occupied by the owner, commercial property and utility property. The effective tax rate is the percentage of a property's assessed (market) value that will be paid in taxes. For example, if the effective tax is 2%, and the assessed (market) value of the property is \$150,000, then the taxes will be about \$3,000 per year. The "Agricultural" effective tax rate is for the agricultural property in the township around the cities on the list.

City	Agricultural Effective Tax Rate (%)	Owner Occupied Effective Tax Rate (%)	Other Tax Rate (%)	X \$40,000 of Assessed Value	Ag Tax of	Owner Occ. Tax of	Other Tax of
Aberdeen	0.94	1.54	1.85		\$ 374.65	\$ 617.13	\$ 740.59

<b>STATEWIDE EFFECTIVE TAX RATE (%)</b>	<b>0.73</b>	<b>1.32</b>	<b>1.65</b>		<b>\$ 290.81</b>	<b>\$ 529.57</b>	<b>\$ 658.43</b>

## Sales to Assessment Ratio Analysis

One factor determining the amount of tax levied on a parcel of property is the value assigned to the property. The accuracy of assessments can be evaluated by comparing them with the actual sale prices of property. The Sales to Assessment Ratio Analysis in the chart below compares, by county, the assessed value of property with its real value (i.e. sale price). The ratio is expressed as a percentage and is found by dividing the assessed value by the selling price. For example, a parcel assessed at \$32,000 and selling at \$40,000 has an assessment/sales ratio of 80%. Only arm's length transactions are used in the sales to assessment ratio study.

### Sales for Years 2018, 2019

County	Ag	Non-Ag

## Explanatory Notes

**Assessed Dollar Per Acre - Agricultural Land:** Each county is listed showing the average assessed dollar per acre of agricultural land within each county, calculated according to the Productivity Formula established in SDCL [10-6-127](#). A state wide average is also listed.

**Municipalities - Amount of Assessed Valuation, Levies, and Taxes for All Purposes:** All incorporated municipalities within the state are listed. The taxable valuation and all levies applied to that valuation are listed and used to determine total amount of property taxes within the municipality.

**Townships - Amount of Assessed Valuation Taxes for Township Purposes:** All organized townships are listed. The taxable valuation and the levies applied to that valuation are listed and used to determine total amount of property taxes for townships purposes. There are eight counties that do not have organized townships.

**Cities - Amount of Assessed Value, Levies, and Taxes for City Purposes Only:** All incorporated municipalities within the state are listed. The taxable valuation and all levies applied to that valuation are listed and used to determine total amount of property taxes within the municipality for city purposes.

**Schools - Amount of Assessed Valuation Taxes for School Purposes:** All school districts are listed for the counties. The taxable valuation and the levies applied to that valuation are listed. Taxes are calculated by applying the ag levy against the ag valuation, the owner-occupied levy against the owner-occupied valuation, and the non-ag levy against all other valuations. These levies include General Fund, Capital Outlay, Special Education, and any other fund, if a levy was made. Due to overlapping school districts, bond levies are not always included in the stated levies. (If the levy for bond is uniform and over the whole school district, then it has been included.) Taxes are the total for ag, owner-occupied, and non-ag amounts and also include any taxes for a bond or adjustment levy.

**2020 Valuations - Taxes Payable 2021:** The equalized valuations of ag, owner-occupied, other non-agricultural property, and centrally assessed properties are listed by county. The valuations are for the taxes that will be paid on these properties in 2021.

## Individual County Valuation and Tax Information

**Valuation:** For each county - a comparison of the 2019 assessed valuation and the 2020 valuations by abstract class.

**Tax Information: - For each county for taxes payable in 2020:**

**County:** This levy and tax is the total amount for county purposes only.

**Secondary Road:** This is applicable to unorganized townships only.

**Subdistricts of South Dakota Conservancy Districts:** This is a special tax levied and used by Water Development Districts that are established in SDCL [46A-3A](#) only (Not all counties or part of counties participate).

**Telephone Outside Corporate Limits:** This is a tax paid by telephone companies. It carries a special levy and the tax collected goes into the county general fund.

**Special Assessments:** Includes assessments such as sidewalks, curb and gutter, weed mowing, etc.

**Cities and Towns:** This levy and tax is the total amount for city purposes only.

**Schools:** This is the amount of valuation and taxes for school purposes only. Valuation and levies for the different categories are listed in a separate part of this publication.

To determine a total tax levy for any given district, you will need to add the levy for school (ag, owner-occupied, or other), city, county, and any other special levy that might apply to that district. In most instances, there will be an ag, owner-occupied and then a non-ag levy.

# 2020 Assessed Dollar Per Acre - Agricultural Land
